

Pong Tournament

Teams and matchups were drawn at random (draw #812). Two losses and you are out — so every team is guaranteed at least two games.

THE DRAW

1 Connor & Kyle	2 Kenny & Jake
3 Josh & Morgan	4 Corey & Eva
5 Logan & Brady	6 Dileo & Kevin
7 Tommy & Haley	8 Jamys & Brenna
9 Ritter & Shannon	10 Mcbobs & Adam
11 Shawn & Cassie	12 Gio & Nate

HOW IT RUNS

Everybody starts in the winners bracket. Win and you move right; lose and you drop to the losers bracket.

Teams #1, #2, #3, #4 drew a first-round bye and enter in round 2.

Every card tells you where both teams go. "W → W4" means the winner plays game W4; "L → L1" means the loser drops into game L1.

Lose twice and you are done. A loss in the losers bracket eliminates you.

Play games in number order — W1, W2, W3, then L1, and so on. Any game whose two teams are known can be played early.

Grand final: the unbeaten winners-bracket team plays the losers-bracket survivor. The losers-bracket team has to beat them twice.

RUNNING ORDER

Tick them off as they finish. Games sitting side by side can be played in either order — or at the same time if you have two tables.

Somebody drops out? Two options. Easiest: the rest of their team grabs a sub or plays a man down — the bracket does not change. Cleaner: re-run the draw with the new roster and print a fresh sheet. If a team leaves before their game, their opponent advances by forfeit; write "FF" in the score box.

Winners Bracket

Names are pre-printed for round 1. Write in each winner as games finish. Losers do not disappear — they pick up on page 4.
